DIRECTOR OF NAVAL INTELLIGENCE

16 August 1988

Dear General Heinz,

I was quite pleased to receive your letter dated 26 July offering ONI an opportunity to assign a Naval intelligence officer to the IC Staff. We are very interested in seizing this opportunity and are looking for volunteers.

Our search will concentrate primarily within the civilian sector of ONI because it is difficult to fill newly created billets if there is no real increase in overall Navy manpower endstrengths. It would be disappointing to see this opportunity wasted on a vacant billet.

I agree that this billet will benefit both Navy and the National Intelligence Community.

Very respectfully,

Thomas A. Brooks  
Rear Admiral, U. S. Navy

Lieutenant General Edward J. Heinz, USAF  
Director, Intelligence Community Staff
